

RESPONSE TO RESTRICTION REQUIREMENT
U.S. Appln. No. 10/727,575

REMARKS

On page 2 of the Office Action, the Examiner issues a Restriction Requirement under 35 U.S.C. § 121 to one of the inventions of the following groups:

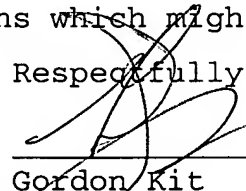

- Group I - Claims 1-30 and 32-34, drawn to a device for deploying ammunition; or
- Group II - Claim 31 and 35, drawn to a method for enhancing radar camouflage.

Specifically, the Examiner contends that restriction is proper since the device of Group I can be employed in a materially different method than that recited in Group II, e.g., in a process of firing ammunition during a time of war.

Applicants hereby elect the invention of Group I, i.e., Claims 1-30 and 32-34, without traverse, and thus cancel the non-elected claims without prejudice to the filing of a Divisional Application(s) based thereon.

The Examiner is invited to contact the undersigned at the below listed number on any questions which might arise.

Respectfully submitted,
